### Understanding the Fee Schedule

**Tuition Fee:** The student tuition fee is the amount the student pays upfront out of their own pocket prior to commencing the course. Students who have a current concession card such as a Health Care card are eligible to receive a 'concession' discount. *Students must meet all eligibility criteria in order to receive government funding.*

**Studio Access Fee:** All courses have a studio access fee that is additional to the tuition fee that entitles them to studio access throughout their course duration.

**VET Student Loans:** This is the amount students can defer to VET Student Loans. VET Student Loans is a student loan issued by the Australian Commonwealth Government aimed at making higher education more accessible by removing the financial barrier of paying upfront tuition fees.
